Model Number   ES-E03
Brand Name   E-SUN
origin   China
Small Orders   Accepted

Hardware	Spec.
Chipset	JL7018F
Chipset for Camera	□□ V821
Memory	32Gb
Camera	800W(Pic. 3200W px 7360*4912)
Video	1080P 30 frames(3.2k)
Mic.	Double silicon mic. noise reduction
Buttons	2 buttons
Touch Buttons	Slide touch on the right temple
Speaker	Dual HIFI Bass speakers
Battery capacity	230mAh, supports 3C fast charging
Photo/Video	support Wi-Fi transmission
Wear Detection	Support
Anti-Shake	Software anti-shake algorithm
Charging Port	2-pin magnetic fast charging
LED Status	Camera indicator light
Material for glasses frame	TR90
Temple Hinge Material	Stainless steel
Charging Current	300mA with path management
Charge Time	70 mins
Max Video Time (single round)	12mins
Continuous Video recording time	Up to 3 hrs
Standby Time	Up to 120 hrs
Music Time	Up to 8 hrs
large language model□- Oversea Market	ChatGPT+DeepSeek
APP	HeyCyan
Voice Wake Word -English	Hey Cyan
Weight	42g(Without glass lenses)
Accessoreis	Foldable case, cleaning cloth, anti-blue light lenses (1 pair), UV-protected black lenses (1 pair), charging cable, user manual

AI smart glasses

Integrating cutting-edge technology
Redefine the visual experience
Real time translation, anti shake shooting, AI interaction

800W
Sony camera

AI simultaneous translation
Having multiple languages

Stable shooting
Anti shake 1080P high-definition video recording

OpenAI
Identification of All Things

Ultra long battery life
Charge while using

Wear the glasses
Say goodbye to wireless earphones

Agile interaction simplifies complexity

By touching the mirror legs, various operations can be quickly completed.

◎ double click
Play/pause music

◎ Three strikes
Cut song

◄► slide Adjust
the volume

Long lasting battery life
Can be used while charging more

Low power chip optimization, easy to meet long-distance travel, compatible with Type-C interface,40 minute fast charging, supporting up to 75 hours of comprehensive battery life.

Product specifications

Three types of mirror legs,
freely selectable

the right side   the left

Two sizes of frames to choose from
Suitable for a wider audience

Comes with 2 types of lenses for free to match

Standard version

The distance from hinge to hinge is 131mm

Glasses lens height
40mm

Nose bridge width
22mm

Width of eyeglass lenses
49mm

Large size version

The distance from hinge to hinge is 137mm

Glasses lens height
44mm

Nose bridge width
22mm

Width of eyeglass lenses
53mm
